Dear Mr. Rowa

**RE: APPRECIATION FOR YOUR COUNSELING**

The above matter bears reference.

On behalf of the Haemophilia Youth of Africa (HYA) executive committee, I, the general secretary would like to convey our heartfelt gratitude for your technical expertise and facilitation skills at our strategic planning and action plan session which included development of our vision, mission, core values as well as support in the development of our proposals. Your leadership and thought provoking sessions enabled us to reflect on our goals and aspirations and chart the best way forward.

I would like to emphasize our appreciation for your patience, the integrity and professionalism you portrayed, maintaining a neutral standpoint at all times throughout the two days you spent with us but above all, for working with us until late on the 24<sup>th</sup> when we could not reach a clear solution within the estimated time.

We will be sure to keep in touch in future.

Regards

Retselisitsoe W. Mahlaha
